INTRODUCTION

Dear Share Lawyers Community,

We know how hard it is to find resources when you're already struggling with a disability or chronic illness, so we have put together this book of resources for you so that you can get the help you deserve. Of course, we're here to help you fight the insurance company, but we also want to be there every step of the way.

Wherever you live across Canada, I hope this collection of resources helps you heal and recover.

I was skeptical at first – but with much assurance, I felt like I had made the right choice. They gave me confidence that I was in great hands of professionals. The staff calmed me down on days of worries and anxiety not knowing my future.

Andy M. – Winnipeg, MB

I am very happy with the results. Share Lawyers were always concise with the information I needed to set and determine my expectations. They were right about the results and they were also right to tell me not to expect any kind of apology or acknowledgment of any wrongdoing on the insurance company's part. Very well coordinated and dependable team. They combine in an amazing way their work ethic with passion and compassion more importantly.

Now I can be stress free and focus on feeling better. No more harassing phone calls from the insurance company. Don't ever change! Again, I can't thank you enough!

Georgina A. – Brampton, ON

They are all definitely helpful, capable and highly responsive as there is always someone I could get in touch with or get help even while my assigned people were away. Also, they would all let me know in advance who to contact through their absence period.

I never once doubted their loyalty to my case. The staff promptly returned my phone calls and e-mails were responded to in a timely manner. Share Lawyers were amazing advocates. Thank you!

David G. – St. Albert, AB

Everyone I spoke with answered my questions and helped to relieve any anxiety I had regarding my case. I was satisfied with the settlement, more so, I was satisfied with knowing I was right to initiate a lawsuit.

I contacted 4 firms. Share Lawyers is the only one that left me feeling calm and confident. This was the beginning of my journey. I was treated with respect, given the right info, I was given reasonable expectations.

Thank you to the wonderful team. I felt safe and trusting of the team which is not usual for me (unless I know the people well). Thank you again.

The team and I were successful. I was informed every step of the way and once in the groove, I was so overwhelmed with professionalism. I would highly recommend them to anyone in need!
